Cat's Paw

As you leaf through the pages of this yearbook, may you find pleasant memories on each page. To you, the student body, we present this 1952 Cat's Paw.

The Editor J. M.

PHOTOGRAPHY BY FRED MOREE, SMITHVILLE, TEXAS

DEDICATION

Her knowledge of books and their usage have been invaluable to the students in their efforts to write themes, make speeches, do research work, and find entertainment through reading.

Democracy is her byword. Each student is treated with the same regard.

Scenes of her travels in England, France, Italy, and many other European countries help to make her classes in history and Spanish come alive.

Students say they feel as if they had been there too.

In addition to all these qualities she has developed the first prerequisite of a good teacher, the reputation of being an excellent disciplinarian.

For these reasons and countless small personal experiences which will be remembered by all students, we dedicate the 1952 CAT'S PAW to Mrs. Katherine Henderson.
